- Plant in this pack is easy to care or low maintenance plant.
- Plant in this pack can be kept indoors.

Caring Instruction of Senecio used in this Miniature Garden

Sunlight

- Senecio plant grow well in bright indirect light.
- **Soil** Protect the plant from direct sunlight as it can cause damage to the foliage.
- **Watering** should be well drained and fertile for growing Senecio plant.
- Water the plant when the topsoil (1-2 inch) feels dry to touch.
- Apply water at plant base with spoon or syringe.
- **Application of Fertilizer** Fertilize the plants with a little amount of organic manure during spring and summer.
- **Plant Protection** Water the plants with a little amount of organic manure during spring and summer.
- Prune the diseased and damaged plant part.
- Remove fallen leaves and flowers from the miniature garden.
- Wipe the leaves of the plant with a damp cloth to remove dust.
- For any insect attack or disease use Neem oil, Eucalyptus oil or Citrus oil spray for primary treatment.

Caring for Preserve moss

- Do not apply water directly on moss.
- Keep the moss away from moisture. It will reduce the shelf life of the moss.
- Do not keep moss directly on the soil. Arrange a layer of pebbles and place the moss on it, to prevent it from getting wet.
