Description Enduring traditional Greek restaurant with a light-filled interior and leafy hanging baskets.

Common name: Lemonia, Pink Ravenia

Color: Red

Bloom time: Seasonal bloomer

Height: 10.00 to 12.00 feet

Difficulty level: easy to grow

Planting & Care

Have a hose or bucket of water and all your planting tools nearby. Keep your bare-root rose in water until you are ready to place it in the ground. Plants can be cut back and moved in either spring or fall, but not in midsummer, as they might suffer and die in the heat.

Sunlight: Full sun to part shade

Soil: well-drained soil

Water: Medium

Temperature: 9 degree c

Fertilizer: Apply any organic fertilizer

Care:

- Epsom salts along with your fertilizer; the magnesium sulfate will encourage new growth from the bottom of the bush Prune plants every spring and destroy all old or diseased plant material.
- Wear elbow-length gloves that are thick enough to protect your hands from thorns or a clumsy slip, but flexible enough to allow you to hold your tools.
-

Special Feature:

Where winter hardy, excellent flowering vine for trellis, pillar or wall. Grow in containers in the St. Louis area.

Use
