01

3 inch Grower Round Plastic Pot (Black)

Description for Moon Cactus (Grafted, Red)

Plant height: 4 - 7 inches (10 - 18 cm)

Plant spread: 2 - 4 inches (5 - 11 cm)

Moon cactus plants come in vibrant bright colors of hot pink, brilliant orange and even an almost neon yellow. These are small plants, generally only a half inch across, although there are cultivars that get up to 8 inches in diameter.

Common name(s): Moon Cactus

Flower colours: Red

Bloom time: Spring / Summer

Max reachable height: Half inch to 8 inches

Difficulty to grow: Easy to grow

Planting and care

Sunlight: Bright indirect sunlight

Soil: Well-drained sales

Water: Water moon cactus thoroughly, then let the plant dry out between waterings.

Temperature: Above 9 degrees C, The tiny moon cactus will not do well in very cold temperatures, so bring it inside to overwinter during the cold winter months.

Fertilizer: Treat it with a cactus fertilizer every month during its growing season.

Caring for Moon Cactus

- Plants prefer temperatures on the warm side but need a minimum of 48 degrees F(9 degrees C) to survive.
- Indoor plants should be partially shielded from bright sunlight by slatted blinds during the brightest part of the day.

Typical uses of Moon Cactus

Special features:

Ornamental use: Plants are used for an ornamental purpose.
