Description

Description for Zinnia white tall

They are warm season annual flowers that bloom with abandon and require only minimum care. It doesn't matter how hot the summer gets, zinnia plants just keep on blooming.

Common name(s): Zinnia, Dahlia Flowered

Flower colours: White

Bloom time: Summer

Max reachahle height: 18 to 24 inches.

Difficulty to grow:: Easy to cultivate.

Planting and care

The seeds can be sown directly in the field with 0.5 cm deep. The potting mix should humus rich, pH range from 5.5 to 7.5.

Sunlight: Full sun.

Soil: Rich, well-drained soil.

Water: Keep the soil moist, but not soggy, for young plants. Mature zinnias require less watering, as grown flowers are somewhat drought tolerant.

Temperature: 25 to 40 degrees C

Fertilizer: Use any organic fertilizer

Caring for Zinnia white tall

- Provide moderate soil moisture and fertilizer to Zinnia.
- Avoid extreme cold condiction.

Harvesting

Summer

Typical uses of Zinnia white tall

Special features: Petals are attractive

Culinary use: NA

Ornamental use: Use in an annual or mixed border. Smaller zinnias are suitable for edging, window boxes or other containers. The narrow-leaf zinnia also works well in hanging baskets.
Zinnias are very popular for cut flowers.

Medicinal use: NA
