Package Summary

Total cost of items: R 1500

Total number of items in pack : 7

How its useful for you ?1.Fresh and nutritious vegetables from your own garden are higher in nutrients than the ones that have traveled several thousands miles to get to your grocery store.

2.Having your children assist you in the garden can increase the chance that they will eat more of the fruits and vegetables they have helped to grow.

3.Growing your own fruits and vegetables can offer you the opportunity to reduce the amount of pesticides that you use in your garden, making them healthier.

4.Growing your own vegetables will save your money at the grocery store.

5.Gardening increases physical activity.

6.It is a great way to engage the whole family in physical activity and lets them help to take responsibility for the vegetable garden.

7.The vegetables grown in your garden will promote health because they are rich in nutrients, especially in phytochemicals, anti-oxidants, vitamin C, vitamin A.

8.Gardening gives you're a real sense of appreciation when you can see the bounty of your efforts.

Good seeds - derived good rate of germination - yet to grow to form heads

Prasanth Reddy

Tuesday, 27 June 2017

Very fast germination just on the third day from seeding. Happy with that but has to update the review later based on the yield. If it gives yield just as shown in the picture it will be excellent. Le
