Bougainvillea (Pink) Plant

## Description for Bougainvillea (Pink)

**Plant height:** 11 - 17 inches

**Plant spread:** 3 - 5 inches

It is a semi-climber and can be grown as a hedge, a shrub, a climber over a sunny wall and also in pots.

Bougainvilleas have beautiful, brightly colored bracts, which are specialized leaves that contain the plant's flowers.

**Common name(s):** Bugarvilla, Bugambilia, Booganbe

**Flower colours:** Pink

**Bloom time:** They are evergreen where rainfall occurs all year, or deciduous if there is a dry season.

**Max reachable height:** They are thorny, woody vines growing anywhere from 1 to 12 m (3 to 40 ft.) tall

**Difficulty to grow:** Easy to grow

## Planting and care

These tropical climbers are suitable for large containers placed in the garden during summer but must be kept frost-free in winter. If you want good blooming, give them at least 5 hours a day of full sunlight as a minimum. More hours of direct sun is better. Less than 5 hours and the plant may not bloom very well. Your plants will thrive in shade or partial shade, but only have nice growth with little or no blooms.

**Sunlight:** Full sun

**Soil:** Dry, sandy, well-drained soil

**Water:** Moderate. In cooler periods or when you bring your plants indoors for the winter, the water requirement will be much less.

**Temperature:** Up to 29 degrees C

**Fertilizer:** Mature plants can be heavy feeders. High phosphorus with micronutrients, as well as additional iron and magnesium. Plants grow best with small amounts of nutrients constantly available.

## Caring for Bougainvillea

- Wait for the first colorful bracts to form and fall in spring.
- Once they fall, prune excess growth.
- Fertilize before flowering season.
- This will cause new bloom on the shorter flowering spurs.
- Repeat during the flowering season as needed.
- Bougainvillea plants need support to cover a wall, fence, or other areas.
- Create rows of wire or string against the surface that you want covering.

## Harvesting

NA

## Typical uses of Bougainvillea

**Special features:** Attractive colored bracts

**Culinary use:** Na

**Ornamental use:** The plant is used for an ornamental purpose. Bougainvillea plants are a beloved addition to many gardens and walls. It can be trained to climb trellises or be planted as an attractive but thornily impenetrable barrier, and it can also serve as a groundcover.

**Medicinal use:** NA

Monday, 02 July 2018

Do you provide the plant with soil, and in grown condition?

Hima Jyothi

Monday, 02 July 2018

Good plants?. every one should buy it.

Subash Tumu

Monday, 02 July 2018

Plant received looks good. However, exact review can be given after the plant starts to grow.

Raj
