Ehretia laevis Plant

Description for Ehretia laevis

Plant height: 9 - 15 inches

Plant spread:

A moderate-sized, deciduous tree with smooth, grey bark. Leaves are small alternate, elliptic-oblong, entire, glabrous.

White, fragrant flowers that cover the tree in dense clusters. The flowers drop off fast and form a charming mat of white under the tree.

Fruit a 0.5 cm across drupe, globose, depressed, red. At maturity, the trunk assumes a curious, fluted appearance.
