What makes it special

The Jade plant is the ultimate symbol of prosperity and can be used to gift your friends, family and office colleagues. It is hardy in nature and can survive in adverse conditions in outdoor location.

Jades are evergreen plants with thick branches with rounded and attractive leaves which resembles like coin.

This succulent can be used to decorate bright light areas in your home or office locations.

Care Instructions

Jade plant needs minimum 4 hours of sunlight in order to grow properly otherwise the plant becomes stunted and leggy.

It require well-drained soil rich in organic matter.

Water your plant only when the soil feels dry to touch. Overwatering is not required in Jade plant.

Try to avoid splashing water on the leaves while watering, as this can expose them to rot.
