Caring for Hedera Helix

English Ivy (Hedera helix) plants prefer an evenly moist environment. Water the plants freely during growth. Keep English Ivy houseplants moist in the winter. Spraying English Ivy with soft water weekly will help prevent spider mites from infesting the plants.

Typical uses of Hedera Helix

Special features: Cover for fences, trellises or walls. Ground cover. Lawn alternative. Smaller-leaved cultivars are often used for topiary shapes, hanging baskets, houseplants or small area ground covers.

Ornamental use: The plant is used for ornamental purpose
