Description

### Description for Herb-of-grace, Ruta Graveolens, Satap

Ruta graveolens, commonly known as rue, common rue or herb-of-grace, is a species of Ruta grown as an ornamental plant and herb. It is native to the Balkan Peninsula. It is now grown throughout the world in gardens, especially for its bluish leaves, and sometimes for its tolerance of hot and dry soil conditions.

Common name	Flower colours	Bloom time	Height	Difficulty
rue, common rue or herb-of-grace	yellow	Late summer.	18-24 in. (45-60 cm)	easy to grow

### Planting and care

Easily grown in moderately fertile, dry to medium moisture, well-drained soils in full sun. Plants tolerate some light shade. Plants also tolerate poor soils as long as they are sharply drained. Drought tolerant once established. Plants perform well in hot and dry sites.

Sunlight	Soil	Water	Temperature	Fertilizer
Full Sun	well-drained soil	medium	-29Å° to -23Å°C / -20Å° to -10Å°F.	Apply any organic fertilizer

### Caring for Herb

Avoid wet soils. Winter mulch is important in the northern parts of this plant's growing range. Prune back plants to old wood in early spring. Propagate by seed or cuttings.

## Typical uses of Herb

### Special features:

**Culinary use:** Seeds can be used for porridge. The bitter leaf can be added to eggs, cheese, fish, or mixed with damson plums and wine to produce a meat sauce.

**Ornamental use:** It is also used to dye wool.

**Medicinal use:** According to Ayurveda, the plant pacifies vitiated vata, kapha, epilepsy, convulsions, insanity, hysteria, fever, febrile fits, indigestion, colic and poison stings.

## Reviews

Thursday, 31 August 2017

Wonderful plant. Received it in good condition.

Anurag Joshi

Wednesday, 30 August 2017

I am staying in Bangalore so delivery time may damage the plant?

Roopam Shahi

Thursday, 24 August 2017

Do you provide the plant with soil, and in grown condition?

Shweta Sharma
