Description

Description for Laughing Buddha with Daniella Grass

Handsome strappy green leaves with contrasting yellow stripes will brighten the garden year-round. Stalks of shiny turquoise blue berries lasting from fall into winter create a colorful accent.

Dianella tasmanica is a herbaceous strappy perennial herb. Variegated Flax Lily is an attractive foliage plant with the bonus of producing sprays of lavender-blue flowers followed by showy deep blue fruit. The fruit is more spectacular than the beautiful flowers - stalks of shiny turquoise blueberries lasting from fall into winter create a colorful accent in the garden.

Note: The selection of plant (size / color), Pebbles (size / color) & glass (design / size) may vary depending on availability.

Common name	Flower colours	Bloom time	Height	Difficulty
Variegated Flax Lily, Flax-lily, Tasman Flax-lily	Purple-Blue	Spring, Summer	1 to 2 feet	Easy to grow

Planting and care

An accurate soil test will tell you where your pH currently stands. Acidic (sour) soil is counteracted by applying finely ground limestone, and alkaline (sweet) soil is treated with ground sulfur. If you order roses from a mail-order company, order early, in January or February (March at the latest). They are usually shipped in the spring as bare roots when plants are fully dormant, well before they have leafed out

Sunlight	Soil	Water	Temperature	Fertilizer
Full Sun	Well-drained soil	Medium	22 to 32 degrees C	Apply any organic fertilizer

Caring for Laughing Buddha with Daniella Grass

Gift Care

- Clean the glass with clean cloth regularly.
- Do not put extra water, water plant twice a week.
- Keep the set indoor, dust-free environment.
- Keep the set away from the reach children.

Plant care

- Start with pruning shears for smaller growth.
- Use loppers, which look like giant, long-handled shears, for growth that is more than half an inch thick.
- A small pruning saw is handy, as it cuts on both the push and the pull.

Typical uses of Laughing Buddha with Daniella Grass

Special features: It is also good as a container plant. A very strong silky fibre is obtained from the leaves. The leaves are also used in making baskets.

Culinary use: Leaves

Ornamental use: The plant is used for an ornamental purpose. Neat clumping habit is ideal for mass planting near pools, in garden beds and borders.

Medicinal use: NA
