Description

Description for Madame Galen Trumpet Vine

Easily grown in most soils. Best in lean soils with regular moisture in full sun. Growth is more aggressive in rich soils. Foliage grows well in shade, but plants need good sun for best flowering.

Common name	Flower colours	Bloom time	Height	Difficulty
trumpet creeper	Deep salmon	July to August	15.00 to 25.00 feet	easy to grow

Planting and care

The beautiful, eye-catching, deep orange to salmon-red trumpet-shaped flowers of this spectacular, fast growing vine are borne in large clusters, forming at the ends of branches. Exceptionally fast-growing to 25 feet in height/length

Sunlight	Soil	Water	Temperature	Fertilizer
Full Sun	well-drained soil	medium	15Â°C / 59Â°F.	Apply any organic fertilizer

Caring for Madame Galen Trumpet Vine

Feed this flowering vine in early spring with a well-balanced "nursery-type" fertilizer or organic plant food. If unsure as to how much fertilizer to apply, refer to instructions on product label.

When given room to grow, Madame Galen Trumpet Vine does not require pruning. It can, however, be trained to grow over entryways, along a fence, or over an arbor and other structures where some pruning may be required to keep growth in bounds.

Typical uses of Madame Galen Trumpet Vine

Special features: Woodland gardens, naturalized areas. Provides quick cover for fences, arbors, trellises, walls or other structures in the landscape. Also may be grown along the ground to cover rock piles or old tree stumps

Ornamental use: The plant is used for ornamental purpose.

Medicinal use: Gardenality to diagnose
