01

7.1 inch Corsica No. 18 Hanging Round Plastic Pot (Black)

Description for Money plant Marble queen (Hanging basket)

Plant height: 0.5 - 1.0 inches

Plant spread: 5 - 9 inches

Money plants are very easy to grow, both in soil and water filled bottles, jars, and any container. Money plant care is quite easy and needs no expertise. It is believed that money plant brings good luck, prosperity, happiness and wealth. You can grow this as an indoor or outdoor plant.

Money plant has large, glossy, heart-shaped leaves of green marbled with cream colored. It required training up a totem pole or grow in a hanging basket. Also, you can decorate the pot to best display its attractive foliage. The leathery, shiny-surface, heart-shaped leaves are arranged alternately.

Common name(s): Money plant marble Queen

Flower colours: NA

Bloom time: NA

Max reachable height: Up to 20 m

Difficulty to grow: Easy to grow

Planting and care

You can plant it anytime and in any season with great ease. You just have to cut a stem from the parent plant and plant it where ever you want. You can plant it anywhere whether in soil or in water. You can plant it in your garden as well as in your house. The best part about this plant is that you can plant it just by cutting a part of already grown money plant.

Just cut the stem of already grown money plant and plant it in the soil. Cut the fresh stem from the growth tip.

If you are planting it in soil then make a hole in the soil and plant it. If you are planting it as an indoor plant in a glass jar or bottle and you want to plant it in water then fill the bottle more than half and plant it.

Sunlight: Partial sunlight

Soil: Well-drained soil

Water: Moderately

Temperature: 20 to 30 degrees Celsius

Fertilizer: Use any organic fertilizer

Caring for Money plant Marble queen

- Money plants do not need much care if you do not overdo anything like sunlight, water, and fertilizers. It is difficult to kill so it is known as

devil's vine or ivy.

- Some tips on how to care for a money plant are given below to grow it faster.
- When to plant, You can start planting your money plant in any season anytime.
- Where To Plant, Money plant can grow in both direct and indirect sunlight.
- However, too much direct sunlight can turn the leaves yellow and even burn them.
- I have placed my money plant in a shaded verandah where it receives only indirect sunlight and it is growing very well, spreading on the ceiling with 8 to 10 branches - all about 5 meters long.

Typical uses of Money plant Marble queen

Special features: You can grow this as an indoor or outdoor plant. Keep a stem of money plant in a bottle of water or plant into the soil and decorate indoor or outdoor.

Ornamental use: This plant is used for decorating your indoor and outdoor space like a balcony, terrace, patios, etc
