Description

Description for Ranunculus (Red)

Brilliantly colored flowers of Ranunculus is a great attraction! They most often come in multiple layers of delicate, crepe paper-thin petals, looking like an origami masterwork. Ranunculus (*R. asiaticus*) excel in southern and western gardens and make terrific container plants everywhere. They also make long-lasting cut flowers.

Ranunculus buttercup plants produce cheerful multi-petaled flowers. The plants are not very hardy and may be annual in colder climate.

Common name(s): Ranunculus, Wedding flowers

Flower colours: Red

Bloom time: Spring, Summer

Max reachable height: Up to 24 inches
