

Rectangular Plastic Plate, Tray for 17.7inch Window Small Planter (Terracotta)

The bottom plate reduces the risk of damage and staining through water, by keeping the water directly under the pot and off the surface below.

A very good sturdy little container for growing small crops like tomatoes, chillies, corianders and mints.

The pot is superb but the problem is it has holes on the bottom like when I tried to do potty in the pot it leaked out and made a messy situation
