01

Ruffled latan palm. Plant

Description for Ruffled latan palm.

Plant height: 3 - 6 inches

Plant spread:

It has a single slender trunk, 4-5 inches in diameter that takes years to develop. The Ruffled Fan Palm is known for its unique palmate, or fan-shape leaves, with attractive splitting patterns that make it stand out in any environment. Leaves are circular, luscious green, glossy, ruffled, hence the name Ruffled Fan Palm, about 22 inches in diameter, with notched tips.

The inflorescence emerges from among the leaves bearing bisexual flowers, male and female reproductive organs grow on the same flower. Ruffled Fan Palm produces marble-like green fruit that turns red when ripe. This berry looking fruit is round with a single seed inside.

Common name(s): Vanuatu Fan Palm, Palas Palm

Flower colours: -

Bloom time: -

Max reachable height: 5-10 feet.

Difficulty to grow: Easy to grow.

Planting and care
