Description

Description for Syngonium Podophyllum Silver Pearl

As a young plant, its leaves start out heart-shaped, then gradually become arrowhead shaped as it matures. Its leaves have silvery white or cream variation, making this a decorative and popular houseplant. Although it may be grown outdoors in some regions, the arrowhead plant is typically grown as a house plant.

Common name	Flower colours	Bloom time	Height	Difficulty
Silver pearl, Nephthytis, Arrowhead plant, Arrowhead vine, Arrowhead philodendron, Goosefoot	Greenish white	Rarely flowers indoors	3 to 6 ft	Easy to grow

Planting and care

It is easily grown is a house plant in warm, humidified areas. Prefers bright indirect light. Protect from direct sun. May be grown on a moss pole or in a hanging basket. Best grown in a soil-based potting mix.

Water regularly during the growing season, but reduce watering from fall to late winter. Likes high humidity, so consider sitting plant in a humidified room or place pot on a tray of wet pebbles.

feed monthly.

Caring for Syngonium Podophyllum Silver Pearl

- Arrowhead plant care requires humid conditions, especially during dry winter months.
- Mist the plant daily or place its container on a tray filled with pebbles and water to increase humidity for optimal growth.
- Keep them away from direct sunlight, as this will cause the arrowhead plant to burn or bleach.
- The arrowhead plant root structure is quite extensive, spreading and growing to the point of becoming invasive in the wild.
- Even within a contained environment, because of arrowhead plant root structure, the plant should be reported every second spring.

Harvesting

NA

Typical uses of Syngonium Podophyllum Silver Pearl

Special features: As a houseplant, it is typically grown for its attractive ornamental foliage which changes shape as the leaves mature.

Culinary use: NA

Ornamental use: Hanging plant, twining or climbing, groundcover, potted plant when young. Display arrowhead plant alongside a group of other foliage plants or add it to a dish garden. Small plants mix well with compact peace lilies and English ivy because they require similar care.

Medicinal use: NA
