Description

### Description of Vegetable seed balls kit for kids learning

- Add water to the dry matrix until it becomes consistent like soft ice cream or the balls do not fall apart
- Take small portion, put 1-2 seeds in the middle of it and roll into seed ball (Approx 1/2 to 1inch diameter)
- Air dry at room temperature till it becomes light colored (or for 12-24 hours)
- Now all you have to do is through them at a patch of dirt/ land or place in pot, you need not bury them in soil
- It has everything required to grow once it rains (Or you can water them)

**This pack contains the following items**

- Seed balls matrix...

- Spinach pahari - ...
